

A NEW OFFICIAL PERFIN by Jack Brandt, Canada.

Upon acquiring the stamp illustrated here, Mr. Brandt checked in the Officials' Catalogue, and found that it is, as yet, an unpublished die. As can be seen, it is a CROWN/O.R in circle, on a 5/- Victoria Judicature Fees issue - on piece. There is no cancel to help with user.

A New Official Perfin in Bulletin 240 Pg.6

I have been informed that this 'perfin' falls into the class of 'Perfins used as Cancellations' (See Pg.8 Bulletin 239 etc.) The illustration is a strike of an official cancelling perforator used in various offices to cancel (and tie to the document) stamps used to pay judicature and other fees. The office in question here is undoubtedly the Official Reciever and there is no cancel because the perforator itself did the cancelling and it could not be postally or commercially used
